44A The Promenade Sanctuary Cove QLD 4212

Description

Maritimo 60 Cruising Motoryacht.

This Maritimo M60 has recently been extensively upgraded, serviced, sand blasted and antifouled and is turn key for her new owners. The 2005 M60 is the legacy of an award winning period in Australian Boat building that fast tracked Maritimo to the exclusive brand it is today.

The hull has a huge beam of 5.6M which gives you huge volume throughout the whole vessel and gives amazing stability and sea worthiness.

With a hydraulic swim platform plus full hydraulic davit crane to aft flybridge you can have both a tender and a Jet ski for the ultimate setup.

The cockpit is very spacious with an aft entertainment unit including Stainless Steel BBQ and Fridge plus storage. Then below the 2 x huge cockpit Lazarette hatches is an abundance of space for storage.

The engine room is enormous making maintenance a pleasure, with 2 x 17.5kw generators, 2 x C18 1000HP Caterpillars, 4 x house batteries, 4 x start batteries, molded engine bearers and even a molded sink.

The galley has all Gaggenau appliances which only the original M60 had. All of the appliances, the fridge/freezer, cooktop and range hood present in excellent condition. There is also a Flush mounted franke bin on the corian bench.

Up in the Flybridge is a forward helm configuration with tandem helm chair next to the single bucket helm chair for the driver. Aft of the helm is an entertaining area which continues out to the massive rear Flybridge balcony deck. Another great feature, unique to the original M60 is the forward flybridge opening door, which has teak steps leading down onto the foredeck. Very functional for anchoring and also lets great air flow through the flybridge at rest.

Cruising in the M60 is an amazing experience. She is a 19M boat that can burn around 9 -11litres per nautical mile at 20 knots. With 6500 Litres of fuel, the Maritimo 60, has an enormous range. This is a true long range Motoryacht with many making the transit to NZ, a couple to Noumea and Vanuatu and also one owner circumnavigated Australia in his M60.

The cabins are spacious with a port master with en-suite, spacious bunk room and a forward cabin with en-suite also doubles as the day head.

This is an optimum vessel , you really need to come and view to understand the quality and presentation.

Service and upgrade works over the past 15 months

- Full engine and twin generator servicing.
- Full sand blast and antifoul system inc swim platform completed early May 2023
- Full inspection shafts and props, new prop speed.
