Description

FOR SALE; 2006 MUSTANG 4200 AVAILABLE FOR IMMEDIATE DELIVERY

It is incredibly rare to step aboard a boat which makes you say... wow. It is even more rare, to find one which is both classy and incredibly presentable, but also well maintained and cared for. This boat ticks all those boxes and so many more, thanks to the meticulous care provided by the current owner.

"Kefalonia" encapsulates everything a modern sports cruiser could ever ask for, beginning with its vast living spaces. The cockpit is well configured with abundant lounging space (featuring brand new upholstery), as well as a funky new dining table which sits above the engine room access. This space is well finished with new teak flooring, a large TV, and wet bar including a new ice maker to starboard. The perfect configuration for a hot summers day with friends and family.

Alongside this area is the helm which is both well positioned for socialising, and well equipped with a bow thruster, auto-pilot, Simrad display, VHF radio and more. A few steps downstairs reveals a spacious saloon area, with a clarion sound system and TV available. To starboard is the galley, which is packed with abundant storage and prep space, a 2 flame induction cooktop, large fridge/freezer, convection microwave and much more.

Accommodation is plenty. The boat has 2 en suite cabins one forward, and one aft. Both feature abundant storage space, stunning soft furnishings, and incredibly glossy timber-work. Further, the cockpit dining table can convert into a spacious double bed for two, boosting the accommodation possibilities from 4 to 6.

In terms of maintenance and upkeep, the boat has been kept to nothing but the highest standard and constantly improved wherever possible. A common phrase for boat ads, but this couldn't be more true for "Kefalonia". Notable items include;

- Full annual service (engine, generator and air con); October 2021
- Servicing of stern drive trim rams; August 2021
- Anti-fouled and prospered; October 2021
- Brand new legs
- Real teak flooring professionally installed in the cockpit and on the duckboard
- Professionally wrapped and cleaned; January 2022
- Professionally cut, polished and waxed; January 2022
- New N150 house batteries installed; January 2022
- New table for cockpit searing area; December 2021
- New upholstery for cockpit seating area; 2020
