## Description

Most highly specified M70 Cruising Motoryacht at the time of build. Brand new 2017 MAN 1200 engines with commission hours only (approx. \$215,000 upgrade from standard), Seakeeper Gyro stabiliser 26,000 (approx. \$250,000 upgrade) Twin Disc gearboxes, with EJS Joystick system including hydraulic thrusters with station hold via GPS EPS, the best docking system the world has seen (approx. \$200,000 upgrade), 3 x 19" touch screen Simrad + 7" for autopilot + 12" for rear cockpit + another 7" in the Master cabin to monitor anchorage.

This is a proper Motoryacht built for long range cruising, even further than our reputation states with the extra 2000L+ fuel tank built in under the floor fwd of the Master cabin. (approx total 8500L) 130 LPH Idromar watermaker, 2 x generators 1 x a huge 22kw the other standard 17.5kw. Explore options of trips to Fiji, Nomea, and touch base with our friends in NZ before coming back home if its appealing. Because of long range cruising there was a Flybridge galley added including Microwave, dishwasher and hot plate. Keep everyone safe upstairs when its snack time. Also upstairs is the rear in built clears that seclude the rear deck from the weather. Just another area for entertaining.

There is a Hydraulic swim platform aft to lower into the water with elaborate removable stainless steel handrails surrounding the rear platform back to where the topsides end. It looks fantastic.

Backlit name, LED strip lighting around house and Flybridge windows and of course 10 x Blue underwater lights to the back and sides for those that enjoy lighting up the night.

The 26,000 Seakeeper Gyro keeps her stiff side to side at low speeds and anchor, with that size being utilised in 80-100 footers.

The newest addition was the Humphree trim tabs which was a \$70,000 upgrade and not only slightly further stabilising at speed due to its own gyro system, but enabled the boat to pick up an extra knot from the standard tabs.

Upgrades to the galley including 2 x freezer drawers, induction cooktop and extra Miele oven.

TV's to saloon, VIP, FWD cab, F/B and Master which can be connected to Foxtel or Sky through the 60cm Sat dome. Bose in Saloon, Cockpit and Flybridge but all of the TV and music is integrated through a Savant system via ipads and a state of the art system with big brains.

Some neat tricks like the Master cabin bed head is glass which goes from frosted to clear for a sense of openness to the full beam master en-suite and also to show off the hand scribed Villeroy and Boch bowls you will see two of there and also in the other two bathrooms.

The people who are quoting up one of these fine Motor Vessels will be the ones who truly understand how much has gone into this boat with some classy neat touches I can go over during our inspection. \$4,4M replacement value.

Call Spence from Maritimo Gold Coast for inspection and further details.
