44A The Promenade Sanctuary Cove QLD 4212

Description

MARITIMO M75

Defined by the ultimate in Maritimo style, engineering, power and outstanding efficiency, everything combines to establish the uniquely commanding stature and natural leader of our fleet.

The Australian built Maritimo M75 motor yacht is a true head-turner right down to the finest detail. Step aboard and you will be immediately captivated by its space – easily accommodating your family in style, safety and comfort for some genuine blue water passage making. With four main cabins, including a full beam master and full beam ensuite plus a massive galley with domestic sized refrigerators and Miele appliances, you can be the master entertainer or just relax surrounded by family and friends.

The M75 upper cockpit and adventure deck creates an incredibly versatile hub for lounging, cooking, adventuring or storage, with plenty of room to spare. The defining feature of the Maritimo M-Series is its recognisable enclosed flybridge skylounge with internal staircase – providing the largest indoor outdoor living space of any m-series model

When serious cruising is on the agenda the M75 excels. Power varies from twin 1150 horsepower engines through to a twin 1625 horsepower option. Maritimo's super efficient shaft drive and hull design technology ensure the best fuel consumption in its class. The perfect example of where engineering and efficiency combine to deliver the ultimate performer.

Crafted by hand in Australia, Maritimo is inspired by a lifelong passion for performance, build integrity and innovative design that stands the test of time. With a heritage steeped in offshore racing, engineering excellence and reliability are paramount. A fine balance of advanced hull design, generous fuel capacities and precision weight distribution results in a smooth, responsive and effortless driving experience, superior seaworthiness and unrivalled performance. Influenced by the Australian lifestyle and beautiful coastlines, admire the space, the light and attention to detail, which combine to create the ultimate sanctuary for enjoyment, relaxation and freedom.
