44A The Promenade Sanctuary Cove QLD 4212

Description

Introducing the new Maritimo S51 Sedan Motoryacht - a magnificent boat for boaties who want single level living and or have bridges to navigate to get their home berth. It is a perfect option for boat owners moving up from smaller vessels and who are looking for all the facilities and benefits of the larger Maritimo models, but in a more compact version.

The S51 features Maritimo's legendary full beam master suite and an innovative tender garage which sees the transom and part of the aft cockpit up on hydraulic acutators to reveal a large under deck space for a tender and outboard as well as water sports equipment, or alternatively a huge, easily accessible lazarette.

There are also walk around decks stretching forward to the front windscreen where there is a step up onto the large front deck. The height of the front deck had been raised to provide more headroom inside the forward cabin and the second cabin to starboard which can be set up as a sleeping cabin with bunks or used as a utility room.

The front cabin provides a lot of space between the cabin door and the foot of the bed which gives guests a generous dressing area - something that is lacking in many boats of this size.

The S51 is a great entertaining boat, hosting everyone on one level. Bi-folds at the rear of the saloon open up to the cockpit, making the aft galley entertainment central. The galley is on the port side and the lounge seating opposite has been moved further aft which provides more seating in the saloon. This allows two generous settees in the saloon and with the galley aft to port.

The S51 is powered by either two Cummins QSC 600's or Volvo 670's an will have 3100 litres of fuel, giving it a range of approximately 400 nautical miles. An 11KVA Onan generator is standard.

The luxury interior fitout found on the popular M62 are repeated, with wenge timbers, B&O sound system, up specked icemaker, and a fresh water and salt water deck wash system.
